In order to calculate the team scores, archers were paired with those whose handicaps closely matched. There was a total of 9 archers from each club who were matched together this way. The archer with the highest handicap score from each pair scored one point for their club. The results were:

**Sway: 6 points (Winners by 3 points)**  
**Waterside: 3 points**

Well Done Sway and well done to all those who shot personal bests.

Many thanks to our Judge and Lord Paramount, Ray Defty.
